ONLINE CHECK-IN & APP

Online Check-in can be done from 45 days before your cruise and is accessible until 3 days before departure. For App check-in, it is available 45 days before your cruise and continues until the morning of your sailing, except for Celebrity Flora, Celebrity Xploration, or Celebrity Xpedition. Upon finishing the Check-In online or through the app, you will receive an Xpress Boarding Pass, confirming the successful completion of the check-in process for yourself and your listed guests. To start the process, log in to your Guest Account and select "Start check-in" or download the app.

DO I NEED THE APP IF I'VE ALREADY CHECKED-IN ONLINE?

Your app provides access to your digital boarding pass, helps you complete a necessary health questionnaire, and initiates the required safety briefing (Muster 2.0). It serves as a valuable tool during your cruise, assisting you in organizing your itinerary and activities such as shore excursions. Additionally, it enables you to communicate with other guests on your reservation. By enabling app notifications, you can stay informed with important cruise travel updates and emergency messages.

HOW DO I COMPLETE THE HEALTH QUESTIONNAIRE?

The health questionnaire is included in our online check-in procedure and can be filled out through the app or on our website. Guests will be inquired about their vaccination status for Covid-19, whether they have had a booster shot, if they are beyond their 23rd week of pregnancy, and whether they are experiencing any symptoms within the last 24 hours. These inquiries are crucial to safeguarding the well-being of our guests, staff, and the communities we engage with.

HOW DO I CHECK-IN CHILDREN ON ANOTHER RESERVATION?

To add children to a reservation, you must be at least 21 years old. Connect the child's reservation to yours on the app by providing the child's name, reservation number, and stateroom number. Afterward, finalize the check-in process for the child.

AM I REQUIRED TO SETUP AN ONBOARD EXPENSE ACCOUNT?

All purchases and services must be settled through an onboard expense account. You can either share one account among your group or create individual accounts. To finalize check-in, you must link a credit card. For ease, you can manage your credit card details in the Celebrity Cruises app. Additionally, you have the flexibility to modify your payment method online, at the check-in counter on the day of your sail, or at Guest Relations while onboard.

EMBARKATION

WHAT HAPPENS ON EMBARKATION DAY?

Embarkation day is the first day of your cruise. It's the day you arrive at the cruise terminal to embark on your vacation. The time you can board your cruise varies depending on what kind of stateroom you have and what time your cruise departs.

You can always check the Celebrity Cruises mobile app to confirm what time your ship sets sail on embarkation day. Be prepared for an initial rush when boarding begins and another rush right after lunch.

To avoid long lines at security and the check-in desk, plan on getting there right when boarding begins. Lines also tend to be much shorter during the last hour of boarding, but then you'll be missing out on a few hours on board on embarkation day!

If you're planning to arrive later, make sure you know when embarkation check-in ends, as this is usually before your ship sets sail. For coast guard purposes, the check-in time ends earlier, and if you get there after that cut-off time you won't be able to board, even if the ship hasn't pulled away from port yet.

WHAT ARE THE LUGGAGE PROCEDURES?

As soon as you arrive at the port, you'll be met at the vehicle drop-off area by couriers who will take your luggage and put it onto racks. From that point it will be brought onto the ship and delivered to your stateroom.

To make this process easier, you can print off luggage tags at home from your cruise account at the same time you check in. These luggage tags have your name and stateroom number on them and can be stapled around your luggage handle. With Celebrity Cruises Open Access, you'll have access to your stateroom as soon as you board, so be sure to pack your essentials in your carry-on so you can freshen up before exploring the ship.

WHAT DO I DO WHEN FIRST ONBOARD?

When you arrive, it's officially the start of your vacation. If you're hungry, you can head to one of the onboard restaurants for lunch or scope out the bars and lounges. Grab some al-fresco bites by the pool, or head to the buffet for a variety of options. The Retreat guests can dine in Luminae for lunch on embarkation day as well.

Get to know the ship and discover all of the exciting things to do on a cruise. Go beyond your stateroom to worlds unknown, whether it's your first time watching the skyline fade behind you from a cruise ship or first time exploring a gym at sea.

Post up in a sunny deck chair, or be one of the first to hit the pool. Stop in at the Destination Concierge desk to continue planning the day-to-day details of your trip, or get to know more about the destinations you're sailing to.

It's also okay to unwind and do nothing! After all, this is vacation, and you have plenty of time to unpack.

WHAT DOCUMENTS WILL I NEED?

Not all of your luggage should go with the couriers, however. Keeping a carry-on, duffel bag, or even a backpack with some key essentials in it is wise to have with you while boarding the ship.

Just like on an airplane, keep important items with you that aren't easily replaceable on vacation, such as laptops, prescription eyeglasses, medication, and special jewelry.

In your carry-on luggage, you'll also want to pack a swimsuit or spa clothes. Your luggage may not be delivered to your room right away, even if you do have access to your stateroom.

If you're cruising from Miami (or another sun-soaked embarkation port), you don't want to miss out on pool time because you don't have your suit with you.

Another cruise embarkation tip if you want to get to your room as quickly as possible is to pack a handheld that you can carry on the stairs. The elevators on embarkation day have a longer wait, since more people are utilizing them to get to their room or first point of interest after boarding. Don't worry—wait time for an elevator usually decreases drastically after embarkation day.

Virtual Safety Drill with Muster 2.0

Celebrity has replaced the traditional safety drill at the start of your cruise with new technology to keep you informed from the comfort of your stateroom. Previously, the mandatory safety drill required all guests to gather for an emergency procedure overview, life jacket instructions, and more.

Now, with Muster 2.0™ and innovative eMuster™ technology, you can view the drill on your mobile device or interactive stateroom TV. This allows you to review safety protocols before sailing, ensuring you can fully enjoy every moment of your vacation.

Traveling with Minors

TRAVELING AS LEGAL GUARDIAN

When the last names of a parent and a minor child traveling together differ, the parent must provide the child's valid passport, visa (if necessary), and the child's birth certificate (original, notarized copy, or certified copy). Legal documentation must link the names of the parent(s) and child.

For adults who are not the parent or legal guardian of a minor child traveling with them:

- They must present the child's valid passport, visa, or birth certificate (original, notarized copy, or certified copy).
- An original notarized letter signed by at least one of the child's parents is required. This letter must authorize the adult to take the child on the specific cruise, sign legal documents/waivers, supervise the child, and approve any necessary medical treatment.

If a non-parent adult is the child's legal guardian, they must provide a certified certificate of guardianship for the child.

TRAVELING NOT AS LEGAL GUARDIAN

When adults travel with a minor child who is not their parent or legal guardian, they must have the child's valid passport, visa (if required), or government-issued birth certificate (original, notarized copy, or certified copy). Additionally, they need an original notarized letter from at least one of the child's parents, granting permission for the adult to accompany the child on the specific cruise, oversee them, and authorize any necessary medical care. If the non-parent adult is the legal guardian, they must present a certified Certificate of Guardianship.

For infants joining a cruise, they should be at least 6 months old at the beginning of the cruise, except for specific cruises where the minimum age requirement is 12 months. The 12-month age rule applies to transatlantic, transpacific, Hawaii, select South American, and other specified cruises lasting 3 or more consecutive days at sea.

10 Invaluable CRUISE TIPS

MAKE CREATIVE STATEROOM CHOICES

When traveling with a multi-generational group, consider creative accommodation arrangements like interconnected rooms or The Retreat for families. Couples can also enjoy The Retreat for a romantic getaway, offering premium beverages, exclusive dining, and a private lounge.

PACK SMART

Experienced cruisers share packing tips including using magnets to attach papers, colorful towel clips for beach towels, compression cubes, hanging washbags, a travel pill organizer, a jewelry roll, a USB octopus for charging devices, a thermal water flask, a tote bag for the beach, a roll-top wet bag for kayaking trips, and don't forget packing essentials in your carry-on for embarkation day.

ARRIVE A DAY EARLY

When embarking on a long-distance journey, consider adding a night in a hotel before boarding the ship. This way, you can immerse yourself in local culture on your first night, like taking a leisurely walk in Venice or savoring fresh seafood in Athens while overlooking the illuminated Acropolis. This restful stopover will help you shake off any jet lag so you can arrive at the port rejuvenated and prepared for a sea adventure.

GET TO KNOW THE SHIP

On the first day of a cruise, explore the ship with a self-guided tour to discover amenities, dining options, activities, and services. Starting from the highest deck, work your way down methodically to familiarize yourself with the layout. This is particularly useful for families with young children to navigate the ship efficiently.

BUDGET FOR BEVERAGES

Investing in a beverage package on a cruise is a valuable tip. Packages can include alcoholic and non-alcoholic drinks, catering to various preferences.

10 Invaluable CRUISE TIPS

USE THE APP

The Celebrity Cruises app enhances boarding efficiency, offers dining and excursion reservations, provides a calendar for scheduling, includes a chat function to stay connected onboard, manages expenses, and allows control of cabin functions using a smartphone.

TRY A CAPSULE WARDROBE

When traveling light on a cruise, plan a versatile wardrobe with items that can be mixed and matched. Stick to a minimalist color palette to maximize outfit combinations. Opt for versatile pieces like a pair of pants that can be dressed up or down, and a simple summer dress that can be accessorized differently for day and evening wear. Consider bringing just three pairs of shoes: one for walking, flip flops for the ship, and a dressier option for evenings.

SKIP THE TRAVEL SIZE TOILETRIES

Small bottles are generally environmentally unsound, so buy a set of reusable travel-sized bottles and decant your favorite products before leaving home if you like to travel with a particular brand. Shampoo, conditioner, liquid soap, and soap bars are provided, in any case.

MAKE EXERCISE FUN

If you exercise regularly at home, there's every possibility on a Celebrity Cruises ship to keep up your routine with some exciting classes. On Edge-series ships, join a high-energy, live-streamed class on the Peloton bikes. Get the whole family signed up for a salsa class, or simply inhale the sea air on an early morning power walk. Use the stairs instead of the elevator. Wear an activity tracker and see if you can hit 10,000 steps a day—it's really not difficult on a ship.

REINVENT YOURSELF

Embark on a cruise for a thrilling and romantic adventure where you can express your true self, showcase your unique style, and indulge in elegance. Challenge yourself with new activities, interact with new people, and explore exciting destinations.

PROHIBITED ITEMS

Weapons, illegal drugs & Substances (including marijuana, cannabis, extracts of THC and/or CBD), and other items that could interfere with the safe operation of the ship or the safe and secure environment of our guests and crew are prohibited. The United States Transportation Security Administration also recommends that you do not pack fragile or expensive items (such as jewelry) in checked luggage.

The following are examples of items that guests are not allowed to bring onboard. These and other similar items will be confiscated upon being found. Alcoholic beverages, illegal drugs, flammable liquids, explosives, and dangerous chemicals will not be returned.

- Firearms & Ammunition, including realistic replicas.
- Sharp Objects, including knives and scissors.*
- Illegal Drugs & Substances
- Aerial Drones**
- Candles & Incense
- Coffee Makers, Clothes Irons, Steamers & Hot Plates***
- Baseball Bats, Hockey Sticks, Cricket Bats, Bows & Arrows
- Skateboards & Surfboards
- Martial Arts Gear
- Self-Defense Gear, including handcuffs, pepper spray, night sticks.
- Flammable Liquids and Explosives, including lighter fluid and fireworks.
- HAM Radios
- Hookahs & Water Hookah Pipes.
- Electrical Extension Cords
- Dangerous Chemicals, including bleach and paint.
- Alcoholic and Non-Alcoholic Beverages****
- Potentially hazardous food and/or food that requires refrigeration.

NOTE:

Personal grooming items such as safety razors are allowed. Scissors with blade length less than 4 inches are allowed.

Items that generate heat or produce an open flame are strictly prohibited. This includes heating pads, clothing irons, hotplates, candles, incense and any other item that may create a fire hazard. NOTE: The only exception to this policy are curling irons, hair straighteners and personal fans that are ""certified"" low wattage. Matches and normal lighteners are allowed onboard. However ""torch lighters"" and novelty lighters that look like guns are not allowed onboard. Torch lighters emit a powerful concentrated flame, and therefore are prohibited.

Alcoholic beverages that are purchased in ports-of-call or from shops onboard will be stored by the ship and delivered to you on the last day of the sailing. Alcoholic beverages seized on embarkation day will not be returned.

DISEMBARKATION

WHAT HAPPENS ON DISEMBARKATION DAY?

Disembarkation day on a cruise ship is bustling with activity. Here's what to expect:

- The night before, place your luggage outside your stateroom for collection by the crew.
- Your luggage will be waiting for you in the terminal upon departure.
- Settle your final bill the day before and pack your carry-on luggage.
- Enjoy breakfast before heading to the gangway at your designated disembarkation time.
- Identify and collect your luggage in the terminal.
- Clear customs and proceed to your arranged onward transportation.

WHAT DOCUMENTS WILL I NEED?

Remember to bring your passport and receipts for any duty-free purchases in case you are stopped at customs. Although the ship is typically cleared by local immigration authorities, you may still need to present your passport when you disembark.

If you prefer a paper boarding pass and have already checked in for your flight, you can print it at the ship's internet center. Don't forget your car receipt if you parked at the port.

Lastly, ensure you have your SeaPass key card with you when leaving the ship for the final time.

HOW WILL I KNOW WHAT TO EXPECT ONBOARD?

As your cruise nears its end, there will be a briefing on disembarkation procedures. This information will also be available on your stateroom TV in case you miss the session. Additionally, you can refer to the daily program for more details.

Before the end of the cruise, you will have already been inquired about your arrangements for disembarkation day. This could involve a transfer to the airport organized by Celebrity Cruises or a shore excursion that concludes at the airport.

If you have independent plans, make sure to provide your flight details on the form provided, or specify the time of your private pickup.

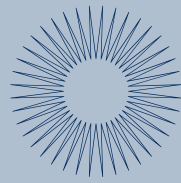

A day or two before the voyage concludes, your stateroom attendant will bring you a disembarkation letter along with colored luggage tags. The letter will indicate your scheduled disembarkation time. On the day of disembarkation, guests will be called according to group number or color code. It is recommended to adhere to these assigned times to prevent congestion at the gangway.

If you are dissatisfied with your allocated time slot, it is advisable to address this with Guest Services promptly rather than waiting until disembarkation day.

WHAT ARE THE LUGGAGE PROCEDURES?

The majority of cruise passengers prefer to place their luggage outside their stateroom door the night before disembarkation. It is both convenient and practical, as navigating heavy bags through crowded elevators and down steep gangways can be challenging for everyone.
